What SSE's customers have to say

**Sealed Air
Nelipak**
Custom Thermofomed Products

ADVANT
MEDICAL

zimmer

"SSE offer the complete service solution package. At Nelipak, SSE offer us the highest standards of cleaning and training. Their staff are highly trained, motivated and extremely flexible. We found the 'Contamination Control and GMP Training' both well delivered and very relevant. It generated instant positive change in our process and procedures. I would highly recommend Mary and her team at SSE to anybody in the industry."

"Advant Medical Ireland has been working with SSE for over ten years. Their customers focus, quality standards and attention to detail are second to none. We have received many positive comments in relation to the cleanliness of our facility from a number of customers and auditors. We are proud to have SSE as part of our team. We would be happy to recommend SSE to any organisation."

"Selecting SSE as our business partner has proven to be a great decision. They truly understand the meaning of a business partnership. While executing their day to day activities to a very high standard, they also provide innovative solutions and ways to improve our operations by volunteering their experience and know-how. This has helped reduce costs and improve our cleanroom compliance."

MERIT MEDICAL

"SSE have been working in partnership with Merit Medical for the past ten years. The foundation of SSE support lies in how well their people perform their roles. SSE work to a customer focused "can do" approach. Considerable time is put into their employee recruitment, development and people management. SSE embrace Merit Medical's needs and requirements as to how Merit Medical want SSE to conduct their business, including cleanroom audits and facility audits of both Merit Medical buildings. SSE make every effort to fulfill Merit's expectations and look for ways to exceed them in service, communications and management."

Well Done to Mary and all at SSE!

**Best of Luck for the next
10 years from Seamus
Kavanagh & Co Ltd**

BQAI
Business Quality Assurance International

Your ISO Standards
Certification Partner

Congratulations to Mary Connell and the Specialised Sterile Environments team for yet another significant milestone achievement.

BQAI certification operates a partnership approach supporting successful organisations like Specialised Sterile Environments with ISO management systems certification through sustainable value-added assessment services. BQAI is an international certification body accredited by the Irish National Accreditation Board (www.inab.ie/directoryofaccreditedbodies).

Our management system certification services include:

- Quality Management
- Medical Devices
- Environmental Management
- Occupational Health & Safety
- Market Opinion & Research
- Information Management Security

Seminar information and training events are offered in support of management system standards implementation and maintenance.

Acknowledging customer loyalty

"SSE would like to thank all of their clients for the continued support throughout the years. We especially appreciate the information and advice you have provided, and the contacts you have shared with us. Your assistance has been invaluable to us during our ten years in business together. Again, thank you so much. We greatly appreciate your support and we wish all our clients the very best for the future."
